Cal Zeta returns to 182 South 10th Street!

The actives of Cal Zeta had occupied the house at 282 South 10th Street for nearly 13 years. Just after we were colonized and regained our Charter in 2007. Unfortunately, the property was sold in July of 2020 and the Chapter faced the real possibility of not having a lettered House at San Jose State.

However, *fate* works in *mysterious* ways and like a Phoenix rising 182 South 10th Street became miraculously available in September. After some last-minute negotiations, the Housing Corporation secured a lease and the brothers of Cal Zeta moved in this December.

Coming in Spring 2021

Cal Zeta wants to host an open house for Alumni to visit again 182 South 10th Street. Keep an eye on incoming email and bring your memories to enjoy a tasty BBQ and cool beverages.

Donations

The move into the house is very new and much is needed. If you would like to make a financial donation to the Housing Corporation please contact Randy Brown, Russ Chubon, or Martin Schlapfer.

Additionally, CZAA sincerely thanks Brother Randy Brown '85 who has worked diligently since the inception of the Cal Zeta Vargas Housing Corporation to ensure the Chapter always has a House.

In 2018 Spartan Football Coach Brett Brennan was a guest speaker at our Founder’s Day Luncheon. During his talk he explained his vision for the Spartan program. In 2020 that vision came true with the Spartans finishing their year undefeated 7-0 winning the Mountain West Conference Championship 34-20 against Boise State

COVID-19 restrictions created a nomad existence with practice as far as Humboldt County and Las Vegas. Coach Brennan said the team became “family” because of this experience. This amazing season reminds me of the several Big West championships during the 80/90s and the many ΣAE Brothers who played on those teams.

Thank you for your support!

Year after year I am humbled by your generosity. Your gifts to both the Chapter Education Fund and CZAA are the reasons why our chapter is holding strong in these trying times. It is a strong alumni association that makes this all work. If you have not heard the house we were renting was sold. With the help of the Cal Zeta Vargas Housing Corporation a lease on a new property was signed for a house just down the street. Be sure to read the update from the housing corp. for more details on how you made this possible.

We know you have a choice where you spend your hard earned money. The Cal Zeta Alumni Association, Cal Zeta Vargas Housing Corp and the ΣAE Cal Zeta brothers thank you for your continued support.

Chapter Update

As the current Eminent Archon of California Zeta chapter, I wanted to share some highlights of how everything was going amidst the “New Normal”.

First off, I am happy to say that we have initiated all members and they have completed their ΣAE/Cal Zeta education. They have also receive a big brother. Our current number of actives is now at 33. It was rocky in the beginning, but we managed to plan and adapt accordingly with the guidelines for recruitment given by the school and the IFC. With this in mind for spring rush, we are planning to actively recruit another group of brothers.

Along with recruiting, academics continues to be a focal point for us. SJSU final grades have not been posted yet so we do not know our fraternity GPA. Our last reported house GPA was 3.3. We hold regular study sessions and hope to improve our GPA even further.

With the current pandemic affecting our operations, we are finding new ways to hold events and activities with the entire chapter. This is important for maintaining a strong brotherhood during these tough times. To show our support for the fellow IFC and PHC organizations at San Jose State University our correspondent plans to send care packages to the other Greek organizations full of necessities for the Covid-19 pandemic to raise spirits. Unfortunately, we are unable to hold a philanthropy last semester. We are working out all the details but have plans to hold a virtual philanthropy event this semester. As a chapter we continue to work hard in all areas. We are also striving to win two university awards; the Gold Laurel and Fraternity of the Year. Both are given for excellence on campus.

We continue to work hard in all areas and improving as a chapter in our new house. On behalf of the active chapter, we would like to thank all of the alumni who helped us during these trying times. We hope to continue to do our best.

ΦΑ!

Eminent Archon - California Zeta Chapter

Beware: Cal Zeta is Losing CEF Money

Thousands of dollars of contributions to ΣAE have been made by our brothers without designating them for the benefit of Cal Zeta. Many of our brothers do not know that most gifts to ΣAE can be designated for Cal Zeta. Beware when you make a contribution to ΣAE, Cal Zeta does not get the benefit of your contribution unless you designate it: "*For the Benefit of the California Zeta ΣAE Chapter Education Fund.*" The designation to the CEF makes all the difference in the world to the active chapter. Designate your contribution to the Cal Zeta CEF and the money goes into our CEF. If you do not designate the money to Cal Zeta the ΣAE Foundation can use it to cover the foundation's overhead costs. Help us pass the word on this. It is important for the future of Cal Zeta.

Chapter Education Fund

Help Our Active Brothers Become Great Leaders

The primary goal of our Chapter Education Fund is to help our young Cal Zeta actives become great leaders.

Every year up to 5% of the fund is paid out to the active brothers for leadership school tuition and academic scholarships. Since the education fund began in 2008, we have made 92 awards for a total of \$44,858 (\$16,090 for scholarships and \$28,768 for leadership school tuitions). The actives who attend leadership school, learn about the history of our fraternity and meet brothers from all over the U.S.A. The active brothers return to our chapter with renewed enthusiasm and loyalty to ΣAE, displaying high energy and improved leadership skills.

(continued on page 12)

Chapter Education Fund cont.

(continued from page 11)

Since we created the CEF in 2008:

- Our brothers have contributed \$149,000
- Investment income \$62,000
- Scholarships and awards to the active brothers \$45,000
- Management fees paid to the ΣAE foundation \$14,000
- Value of the CEF as of 6/30/2020 is \$152,000

Why Should You Contribute to the CEF?

- It's tax-deductible
- You receive a double benefit:
 - Your name will be inscribed on the Cal Zeta perpetual CEF Plaque
 - Your contribution will be credited to your lifetime giving to ΣAE
- Our CEF is an endowment fund, your contribution stays in the CEF forever; only the investment income is paid out each year for the benefit of the active brothers for educational purposes including scholarships and leadership school.
- It's something you can leave behind for the future of our fraternity
